"Outta These Clouds"

I'm driving out of control
You said something, hurt me real bad
And I'll drive till I feel better
And I'll play my radio, my radio real loud!

And I'll keep driving till I drive outta these clouds
Outta these clouds
Ooh, ooh

I'm flying, just trying to keep the wind behind me
'Coz I said, "I'd never let you get me"
No, you'll never make me blue again
Now I'm finally off the ground

I'll keep flying till I fly outta these clouds
Outta these clouds
Ooh, ooh, ooh, ooh

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
