That other girl got you on that string
When she calls you, you forget and you drop
everything
Well don't go denying and baby it's the truth and you
know
That other girl wears a see through vest,
And you say that you see nothing 'cause it's not in your
interest
Well don't go denying baby, cause you've been looking
I know

(and I've found that it's hard to stand my ground)
That other girl's been hanging around
(and I've found, she's been getting all your attention)
That other girl's been hanging around
(and I've found, it's been getting me down)
And she's been sneaking into you, and I worry about
her intentions
That other girl's been hanging around

That other girl she calls you her friend
When she's been hypnotising you too meet her ends
And you don't have to be avoiding me, 'cause it's the
truth and you know
That other girl got you in her line
But you're just another stud in her femmebelt baby, so I
wouldn't waste your time
And don't get so excited, 'cause she's been working
I know

(and I've found that it's hard to stand my ground)
That other girl's been hanging around
(and I've found, she's been getting all your attention)
That other girl's been hanging around
(and I've found, it's been getting me down)
Yeah she's been sneaking into you, and I worry about
her intentions
That other girl's been hanging around

When we go out at night
and she's there I keep my fist tight
I wouldn't want to explode, no no

So then why, why when we kiss (why)
Do I feel her lips have been there before me
Hey hey

(and I've found that it's hard to stand my ground)
That other girl's been hanging around
(and I've found, she's been getting all your attention)
That other girl's been hanging around
(and I've found, it's been getting me down)
And she's been sneaking into you, and I worry about
her intentions
That other girl's been hanging around

Yes now I know I've found it's hard to stand my ground
(just another stud in her femmebelt baby)
And I've found she's been sneaking into you
(just another stud in her femmebelt baby)
(just another stud in her femmebelt baby)
So I wouldn't waste your time
You're just another another stud in a fembealt baby
(just another stud in her femmebelt baby)
So I wouldn't waste your time
(just another stud in her femmebelt baby)
That other girls been hanging around
