Lost in a moment she is
Witness her grace
As if the Buddha kissed her
Glory marks her face
How can I stop this fever
Fore it bleeds me dry
Tie her hand behind her back
Feed her some disguise

Hey now!

Once by the knife what she said
Pin your eyelids back
Johnny in her soft hips
Beg her displeasures
Resist her if you're sharp
Resist her empty threats
Run from the long arm
Of her circus

Hey now!

Get the fuck
Get the fuck
Get the fuck

I see your
Blood in the shower
Blood in the hall

Can't play your crutch forever
I need my own
What you'd expect from me?
That's not my style
No use in these restrictions
Won't change your fate
Relax, sit back, embrace her
Stand still a while

Hey now!

Get the fuck

Get the fuck
Get the fuck

Hey now!
