Checkin out the fast line, livin for the big time
Rev it up, baby let's gogogo
We're drop dead ready, steady as a rock
'Round the clock, rev it up, baby let's gogogo

A little bit of you in everything is making my heart sing
Makes me wanna gogogo
We make a decent team, best I've ever seen
Come on come on rev it up, and let's gogogo

Do you want, do you wanna come, won't tell your mom
Rev it up, baby let's gogogo
My idea of a pretty view is you, make do

Baby let's gogogo
Burn down the ocean, baby!
We need some action, ya'hear me!

We're in the lead, can you feel the heat?
Coming up, to the top, rev it up and gogogo

We make a great team, best I've ever been in
Come on, come on let's gogogo
Makes me wanna rock do the bop,
Dance into a trance, rev it up and gogogo
So check out the fast line, live for the good times
Rev it up, baby let's gogogo
