I took a walk today  
Through these gray and dirty streets  
Thinking of you, missing you  
And hoping that we'd meet

I didn't tell my legs where to go  
They just walked down to the dock  
I sat on the edge fighting a shiver  
Telling everything I hurt inside

And the river cried  
'Cause I lost your love  
The river cried, oh  
The river cried  
For my lonely soul  
The river cried

You were the only one  
Who really knew me  
You were the only one  
In whom I'd confide  
And hearing this  
The river cried

I saw myself today  
Through these gray and dirty streets  
Did you have to leave this town  
Or did you just have to leave me?

All these questions in my mind  
I didn't see the signs?  
The river keeps flowing, I can't keep going  
Waiting for you to return my sigh

And the river cried  
'Cause I lost your love  
The river cried, oh  
The river cried  
For my lonely soul  
The river cried

You were the only one

Who really knew me  
You were the only one  
In whom I'd confide  
And hearing this  
The river cried

And the river cried  
'Cause I lost your love  
The river cried, oh  
The river cried  
For my lonely soul  
The river cried, oh

And the river cried  
'Cause I lost your love  
The river cried  
And the river cried  
For my lonely soul  
The river cried, oh

The river cried  
The river cried  
The river cried  
The river cried
