This for yâ'all niggas that thought gonna hold me back
No matter how hard you try
Fuck it

They pay for my down fall,
But we know it won't happy end
With my whits, do anything imagine,
Might check, lights camera action,
Nice guess, came bout this kind of fashion
Overstanding, they hate what it's motivated
You better unstraight but they poker facing,
With no intentions to stand still
A label suit signers have feel,
Grind hard to find god is the model,
Hit the milk to gain son, that's the bottle,
I love hip hop but I came on the profits
I came a long way from recording in the close.

Hook:

Iâ'm grinding everywhere I go, Iâ'm finding my way,
I give my papes I rock that show, but tonight when I am
on stage
I can't do anything baby I mean anything
There's ain't no fucking around oh
There ain't no shutting me down.

Star is the limit, now I ain't gonna stop there,
And you dread the fact, nor I care
Yeah Iâ'm on the rise leg high air,
Grow gain, I ain't gonna stop here,
Mama said it if I want it I gotta strive for it,
Can't tell me nothing but my dreams I saw it,
And Iâ'ma turn it to reality,
Iâ'm talking air time like a tragedy
Two comets while you're cool with a salary
And when I get on it Iâ'ma still with the Valery,
Cool G as long as the Mikey my on,
Lu pay, the show must go on,

Hook:

Iâ'm grinding everywhere I go, Iâ'm finding my way,
I give my papes I rock that show, but tonight when I am

on stage
I can't do anything baby I mean anything
There's ain't no fucking around oh
There ain't no shutting me down.

Nah, won't take more than cops to stop me,
And if I ain't the best I'm in the top 3,
I go hard like Ricky, you ain't heard then your death
foxy
You two I got some views, couple venues, awards
number one tunes,
L's up with the team winning stronger
And we less members than the beginning
You got a grind ain't no free living,
So I was quick to cut them I don't need children,
I gave a man position retardless,
With my ambition I'ma make you regardless.

[Hook:]
Nah, there ain't no stopping me down
Nah, there ain't no shutting me down.
Nah, there ain't no stopping me down
Nah, there ain't no shutting me down.
Nah, there ain't no stopping me down
Nah, there ain't no shutting me down.

[Hook:]
