I have had a dream  
Of me walking backwards  
I watched him take my place  
Between her legs

Burn baby, burn  
Go stay in the tall grass  
Whisper my name  
The first letter is M  
Next up is the end

A true lover is not tied to the bedpost  
So if you leave now, leave fast  
And don't turn around

Pack all your bags with your belongings  
There's a truth here to be told  
But there ain't no love

There ain't no love  
There ain't no love

Warm city lights and body power  
Taken for a drive on the asphalt tonight

Yearn baby, yearn  
Go stay in the tall grass  
Pour sand across my chest  
I fell for you  
Goddamn, I miss you

Damn, I miss you  
I miss you  
Goddamn, I miss you  
I do

This is the beach where we once slept  
This is the house where we both wept  
This is the leg that I once broke  
These are my hands and them letting go  
This is the truth  
No more shall we lie

I gave you my heart  
Now we say goodbye  
But Lord, I can see a new sun is rising  
Hold on my love  
There's hope on the horizon
