Love's a game
And it's a shame
But sometimes you don't win
But don't you do
What other's do
When I see you again

'Cause I'd rather be your enemy
Than hear you call me friend
I'd rather be your enemy
Than hear you call me friend

In a time
When I was blind
I let you take me in
But don't you do
What other's do
When I see you again

'Cause I'd rather be your enemy
Than hear you call me friend
I'd rather be your enemy
Than hear you call me friend

You know I'd rather be your enemy
Than hear you call me friend
I'd rather be your enemy
Than hear you call me friend
