"Up With Me"

Bolt the windows, and lock the doors.
There's gonna be a shit storm.
Of the life unlive, caused our scars and wind to blow.
Oh, oh, oh, it's terrible.

You threw it all up, keep it up.
This essence roots, writhe deep
I'm stuck, I'm overwhelmed.

I've made mistakes, they keep me company.
Oh man, what's up with me?
But I've changed, it's comforting.
I've made mistakes, they keep me company.
Oh man, what's up with me?
But I've changed, and I've changed.

For the sake of secrets, let's say I'm safe.
Let's say I got a hiding place.
Let's say I've made apologies, the hearts I've broken
have been appeased
Let's say the storm, like most, will pass.
Let's sing a song for a leaf, and last..
Let's say that only time will tell if I'm really over being
overwhelmed.

I've made mistakes, they keep me company.
Oh man, what's up with me?
But I've changed, it's comforting.
I've made mistakes, they keep me company.
Oh man, what's up with me?
But I've changed, and I've changed
and I've changed, and I've changed
it's honestly that easy
Oh, I've changed, it's comforting
and I've changed, I've changed
it's honestly that easy
oh I've changed and it's comforting

there's something soothing, it's real as hell..
About climbing up from where you fell.
You finally forget to be overwhelmed.

I've made mistakes, they keep me company.
Oh man, what's up with me?
I've changed, it's comforting.
