Don't let me down
don't walk away

Don't let the rainbows fade to grey.
Don't let me down
don't play for time

Don't break this tender heart of mine.

Heaven only knows about your frame of mind
why don't you tell me?
You suffer from a pain
you always try to hide whenever you're near me.
Maybe I'm only just a fool for you

Maybe your thoughts belong to someone else but me.

Don't let me down
don't walk away

Don't let the rainbows fade to grey.
Don't let me down into the doom

Don't let the clouds conceal the moon.
I'll keep on asking for your heart
again and again.

My sensuality has taken hold of me and love is the
answer

As years ma come and go too fast or much too slow
I live in devotion.
The changes of your mind
the truth is hard to find

So why don't you trust me?
Maybe you live a life that's full of lies

Mabe you're giving just a big surprise for me.

Don't let me down

don't play for time

Don't break this tender heart of mine.
Don't let me down
love is awake with every single breath you take

Find the solution to it all
again and again.
Don't let me down
don't walk away
