All my time
And all my pride
All my life is so wasted
Oh my eyes
And oh my lies
And oh my gosh we're so wasted
Yeah

Couldn't have waited on myself
Need the hand of someone's help
I'm a walking nothing here to be moved
Hang me up and have shelved
All I need is someone else
Hang me out to dry

Honest with myself
I never wanted anybody else
Honest with myself
I never haunted anybody else

All my time
And all my pride
All my life is so wasted
Oh my eyes
And oh my lies
And oh my gosh we're so wasted

Honest with myself
I never wanted anybody else
Honest with myself
I never haunted anybody else
