let me find out
your the girl tryna still my man
let me find out
your the one that keeps on callin him
let me find out
your the chick tryna take my mannn
cuz let me find out
oh girlfriend im all up in your face

i see how you look at him
its obviose to me
though you try to hide it
its as clear as it can be
you and i met briefly
cuz he called you his friend
this time ill go against my feelings
i'll accept you for him

let me find out
your the girl tryna still my man
let me find out
your the one that keeps on callin him
let me find out
your the chick tryna take my mannn
cuz let me find out
oh girlfriend im all up in your face

Excuse me if im wrong
but conscience telling me
to keep my enimies closest
and your as close as she can be
I'll try to be a lady
but you should understand
i dont make threats
to you this is my promise

let me find out
your the girl tryna still my man
let me find out
your the one that keeps on callin him
let me find out

your the chick tryna take my mannn
cuz let me find out
oh girlfriend im all up in your face

let me find out!

If its you calling him at 2 am
hanging up
unnecesary problems
tryna be a part of what we do
if i find out its you
no tellin what im gonna do

first of all you just a little too friendly
and i aint feelin it
dont push up on my man
trick you dont know who your dealing with
I am not illiterate
no not even a little bit
i read you like a book and tittle it TRIVELIN LITTLE
BIATCH

Yeah I'm talkin to you
let me find out its you thats been stalkin my boo
if its true I'm not sure what it will cause me to do
just know it wont be a good look for you
see everything was cool
me and my man was flowing
you come shakin your skank tail
thumbs showing
I'm giving you a warning
There wont be no stopping me
my philosophy dont put your hands on my property
Cuz with these hands I handle things properly
you might get smacked in the mouth PROBABLY
its a promise see not a scare tactic
I find out its gonna be your ass--its!

let me find out
your the girl tryna still my man
let me find out
your the one that keeps on callin him
let me find out
your the chick tryna take my mannn
cuz let me find out
oh girlfriend im all up in your face
