Crimson Cardinal sees his life  
Into the glass he flies  
The perfect partner he does spy  
A moment's glance of eyes

Reflections of a future love  
Feel the pull of fate  
The perfect love turned out to be  
Himself in haste and vain

Passion's flash of red  
Bloodied on the pane

In your eyes I find  
You are my love light  
You are my love light  
You are my love light

Blinded by surprise  
You are my love light  
You are my love light  
You are my love light

All the qualities I loved  
Now bite me black and blue  
All the joys you loved in me  
Come biting back at you

So innocent we found ourselves  
Becoming what we'd feared  
Till death do us our shadows part  
Make room through all these tears

Till something new appears  
Reborn in this nadir

In your eyes I find  
You are my love light  
You are my love light  
You are my love light

Blinded by surprise

You are my love light  
You are my love light  
You are my love light

In your eyes I find  
You are my love light  
You are my love light  
You are my love light

Blinded by surprise  
(I won't find happiness)  
You are my love light  
(Looking outside myself)  
You are my love light  
You are my love light

In your eyes I find  
(I won't find happiness)  
You are my love light  
You are my love light  
You are my love light

Blinded by surprise  
(I won't find happiness)  
You are my love light  
(Looking outside myself)  
You are my love light  
You are my love light
