To the critics and the cynics, who don't understand the lyrics

To the atheists and the pessimists

Wanting company in their darkness, yes

You may see me as a fool, yes, a charlatan, an egotist

But I'd rather be this in your eyes, than a coward in his

I began as Isis, the high priestess

My arms stretched to Sirius

Me, the serpent Venus

Awaken the fetus, fertility to Jesus

Come and meet us

Looking within, I can see beyond my sight

The cities, the sky, the planets roll by

I awake and die, I awake and I die

This is the rhythm of life

Looking within, I can see beyond my sight

The cities, the sky, the planets roll by

I awake and die, I awake and I die

This is the rhythm of life

Next I was lightning, God energy fighting

To tell my widow surviving, I was still alive in

Another plane of life and I struck him seven times

He finally looked to the sky

Shed a tear and joined me dying

Looking within, I can see beyond my sight

The cities, the sky, the planets roll by

I awake and I die, I awake and I die

This is the rhythm of life

Looking within I can see beyond my sight

The cities, the sky, the planets roll by

I awake and die, I awake and I die

This is the rhythm of life

Rhythm of life, rhythm of life, rhythm of life, yeah

Rhythm of life, rhythm of life, rhythm of life, aha

Rhythm of life

Rhythm of life, rhythm of life, rhythm of life, yeah  
Rhythm of life, rhythm of life, rhythm of life, aha  
Rhythm of life

Now I am me, in diffident lead, responsibility  
Trying to face my fear, from the trailer park to hear  
Over mountains, through my death  
From harbinger to amen, may my actions outweigh my  
words  
May my lifetime be of worth

Looking within I can see beyond my sight  
The cities, the sky, the planets roll by  
I awake and I die, I awake and I die  
This is the rhythm of life

Looking within I can see beyond my sight  
The cities, the sky, the planets roll by  
I awake and I die, I awake and I die  
This is the rhythm of life

Rhythm of life, rhythm of life, rhythm of life, yeah  
Rhythm of life, rhythm of life, rhythm of life, aha  
Rhythm of life

Rhythm of life, rhythm of life, rhythm of life, yeah  
Rhythm of life, rhythm of life, rhythm of life  
Rhythm of life

All the worlds a stage  
And all the men and women merely players  
They have their exits and their entrances  
And one man in his time, plays many parts
