There's a live oak tree you can still see off ol 129  
You can see the scars it's missin bark  
Where it stopped my truck that night  
They say I took a swing at my best friend  
For tryin to take my keys  
Next thing I knew I was upside down  
Thinkin this is it for me

When you see life flash before your eyes  
The good the bad the wrong the right  
Fade into a bright white line  
Shinin down on you  
Your hangin on by a thread  
Wondering which ones your last breath  
Knowing there's so much you have left to do  
Live your life a better man  
When youve been, halfway to heaven

First thing I did was hug my momma  
I even hugged my dad  
Told them both how much I love them  
Never saw daddy cry like that  
Started hangin out with my little brother  
Man I never missed a game  
I'm in church every sunday mornin  
I pray everyday

When you see life flash before your eyes  
The good the bad the wrong the right  
Fade into a bright white line  
Shinin down on you  
Your hangin on by a thread  
Wonderin which ones your last breath  
Knowin there's so much you have left to do  
Live your life a better man  
When you've been, halfway to heaven

I wont waste, one minute  
Yeah my life's changed  
And I'm gonna live it

Like I'm hangin on by a thread

Wondering which ones my last breath  
Knowin there's so much I have left to do  
I live my life a better man  
I live my life a better man  
Cuz I've been, halfway to heaven
