Well I can't walk away  
From your mixed up masquerade  
I must recognize some familiar face in your eyes

Well it ain't over you're dead and gone  
I really hope you don't wait that long  
Well it ain't over till you're just a memory

Well I'm trying to remember how my lover set me free

Could I have misread  
Just a dream inside my head  
Well it's so hard to believe  
How you're just my beautiful mystery

Well it ain't over 'till you're dead and gone  
It's ok if you wanna wait that long  
Well it ain't over 'till you're just a memory

Well I'm trying to remember how my lover set me free

Well it's not the way I feel when your by my side  
It's not the look I see in other people's eyes  
Must be something real that I just can't hide  
You've got a part of me that I recognize

Yeah yeah  
There's no disguise  
Well I'm lookin at your eyes

I'm not gonna try to change your -- change your mind  
You've got all you need  
But if you ever really need don't feel afraid to call  
On me

Well it ain't over you're dead and gone  
I really hope you don't wait that long  
Well it ain't over till you're just a memory

Well I'm trying to remember how my lover set me free

Well it's not the way I feel when your by my side

It's not the look I see in other people's eyes  
Must be something real that I just can't hide  
You've got some part of me that I recognize

Yeah yeah  
There's no disguise  
Well I'm lookin at your eyes

Hmmmm hmmm
