Me and Miss Rand
Went to the grocery store
Bought some brand name brands
Bought some other groceries for the long weekend

And Me and Miss Rand
I think we got something a little more than
Something like a Friday night come on over light me up
I'll leave the door two a.m. a little ajar open for you

I love to see you smile
So baby, come on over stay awhile

Me and Miss Rand
We went walking downtown we walked all around
And lately I cannot remember a time such as this
When I felt happier with the state that I am in

I love to see you smile
So baby, come on over stay awhile
Come on over stay awhile
Come on over stay awhile
Come on over stay awhile
Come on over stay awhile
Come on over stay awhile

Triscuits and watching Scrubs
Eating Triscuits and watching Scrubs
Maybe later we'll go on down to the pub
Or just go walk around downtown
