Hey girl it's me,  
I know it's late, but I couldn't wait,  
Your on my mind.  
Is this love?  
'Cause it feels like I could fly,  
Whenever you pass me by.

I want you home,  
Just to be here, to be near,  
Never alone.  
I've missed you so,  
All my fears,  
All my tears,  
Will be gone.

You've got me in a tangle,  
That I don't if I can handle,  
Is it me or him?  
Next to you is all I know,  
So baby, take this slow.

I want you home,  
Just to be here, to be near,  
Never alone.  
I've missed you so,  
All my fears,  
All my tears,  
Will be gone.

Throw your tears away 'cause baby I'm here to stay,  
I'll be yours in every way, 'cause baby you're the best  
part of my day.

I want you home,  
Just to be here, to be near,  
Never alone.  
I've missed you so,  
All my fears,  
All my tears,  
Will be gone.
