Beyond us, God within us  
Revealed, yet we see in part  
Transcendent, but so near us  
Mystery dwelling within our hearts  
Father - Spirit - Son:  
Only true God  
Exalted, three-in-one  
Only true God, only true God  
Majestic God above us  
Enthroned, yet You wash our feet  
Humble, but so holy  
All of creation bows when You speak  
God of all things  
God who saves us  
God within us  
You are God
