I used to be sad  
Even my friends can't make me laugh  
I used to be lost  
Don't even know where I belong  
But then you came along  
Like A happy song  
Sprinkled my world with happy thoughts  
I never thought it's real  
But now you make me feel  
All this time I need Is Love

It's been sad  
Never understand  
Til my love has come along  
My lonely days are gone  
And I can feel the sun  
Now I can sing a happy song

La ra da da la  
Ra da da ra da  
All I need is love  
La ra da da la  
Ra da da ra da  
All I need is love

Meeting you is fate  
You fill the gaps in my empty space  
It takes a time to find someone  
But only moments to fall in love  
Then you came along  
Like a happy song  
Sprinkled my world with happy thoughts  
I never thought it's real  
But now you make me feel  
All this time I need is lo-o-o-ove

It's been sad  
Never understand  
Til my love has come along  
My lonely days are gone  
And I can feel the sun  
Now I can sing a happy song

La ra da da la  
Ra da da ra da  
All I need is love  
La ra da da la  
Ra da da ra da  
All I need is love
