I have stumbled, I have complained,
On this rough and rocky road,
I've been humbled, Caught out in the rain,
And it chilled me to the bone,

Lawd now I've seen my dreams scatter,
Like leaves lost in the wind,
And if I could do it over,
I'd go through it all again

Cause every path I haven't chosen,
Every heart that wasn't true,
Every door that wouldn't open,
Led me straight to you

I've been lonely, I've held on to love,
That I was never meant to have,
No one told me,
That til I let go, It would stay beyond my grasp,
Well it took a little heartache,
And it took a lot of time,
But the love I didn't look for,
Is the best I'll ever find

Cause every path I haven't chosen,
Every heart that wasn't true,
Every door that wouldn't open,
Led me straight to you

Every hour I've felt forsaken,
Every storm I've struggled through,
Every chance I've ever taken,
Led me straight to you,
Straight to you, straight to you
