Every heart has a private space,
A place of hiding,
For things we can't face,
And I know you're wondering,
If I'm really what I seem,
Or if out of a shadow someday,
There'll come a different me

So I want you to read me like a book
From cover to cover,
Open up the pages,
And see all that I am,
Memorize my heart,
Like an old love letter,
And from the beginning you'll see,
There is no end

There are times,
I wouldn't have made you proud,
But some things,
Are just hard to talk about,
But I'll be truthful,
I'm gonna lay it all on the line,
So if there's anything you wan to ask of me,
Baby I don't mind

So I want you to read me like a book
From cover to cover,
Open up the pages,
And see all that I am,
Memorize my heart,
Like an old love letter,
And from the beginning you'll see,
There is no end

Memorize my heart,
Like an old love letter,
And from the beginning you'll see,
There is no end

For you and me,
There is no end,

To you and me,
There is no end
