I don't see the way to leave
You can drive my face a had
Forever just a day

I don't feel the way to steal
But you keep them in your mind
So hard is just to find

(Talking to the night, talking to the night)
Living in the shade of the light
There's nothing I can do
Nothing that I am here for

(Talking to the night, talking to the night)
I'm living in the shade of the light
There's nothing I can do for you

Heart to heart I'm here to tell you
To believe your words and tears
Make you forget your fears

When I was wandering through the dark
I take all the things I love
And wondering if you're mine, yeah

(Talking to the night, talking to the night)
Living in the shade of the light
There's nothing I can do
Nothing that I am here for

(Talking to the night, talking to the night)
I'm leaving in the shade of the light
There's nothing I can do for you

REFRAIN:

Oh whoa oh - talking to the night
Oh whoa oh - just a talk away
Oh whoa oh - looking at her eyes and talking to the
Night away
(Talking to the night away)

Oh whoa oh - talking to the night

Oh whoa oh - just a talk away
Oh whoa oh - looking at her eyes and talking to the
Night away
(Talking to the night away)

I don't feel the way to steal
But you bear them in your mind
So a heart is just to find

I don't see the way to leave

You can drive my face a had
Forever just a day

(Talking to the night, talking to the night)
Living in the shade of the light
There's nothing I can do
Nothing that I am here for

(Talking to the night, talking to the night)
I'm leaving in the shade of the light
There's nothing I can do for you

Oh whoa oh - talking to the night
Oh whoa oh - just a talk away
Oh whoa oh - looking at her eyes and talking to the
Night away
(Talking to the night away)

Oh whoa oh - talking to the night
Oh whoa oh - just a talk away
Oh whoa oh - looking at her eyes and talking to the
Night away
(Talking to the night away)
