I like Gina, Pam and Cole  
When it's white and turning till it's gold  
La la land Chevy call it Demi Lovato  
And my heart beats at my stereo  
I came get in my penthouse  
She come in and I come out  
This that old Craig Mack from NY  
Don't ask me and hug your other guy  
I got black cards in my new wallet  
If you trickin' if you really got it  
I got my goons and the ladies and the fellas  
For that Jay-Z he's a Roc-A-Fella  
(Chorus)  
Those memories and I really want you to know  
You want to stay and you want to go  
I'll be your angel You be my one and only man  
No one else really wants to give me a hand (2x)  
(Verse 2)  
White Horse Taylor Swift while you riding it  
This is my man when you denying it  
My car look like old Reese's Piece's  
I keep this block and I keep this streets  
You sound raspy just like Jadakiss  
Take some of me and take some of this  
They call me Smurf man and I won't be blue  
Kid Cudi said you want some of dat new new  
That Soulja Boy really wants a mean mug  
I love you my girl and I love you too much  
I'm stacking chips when I'm on the new car  
Sometimes girl you want to be a star  
(Chorus)  
(Verse 3)  
Sonny With a Chance 8 Mile is gone  
No strings attached just a cordless phone  
Down for me just like Loon and Mario  
My baby wants to drink OJ and Cheerios  
My prime for that time I'm Teddy Pendergrass  
I'm a put it on ya like Plies says  
The verses are really good and makes me bad  
I couldn't speak language like my dad  
Menace II Society and Purple Rain sequel  
It gives me a plus and it gives me a equal

Do away with the OMG's and the LOL's  
Like Laffy Taffy smash like D4L  
(Chorus)
