I'm walking down Murfreesboro pike
Wondering why I'm doing just fine
Without you in my life

My whole world revolved around you
Many years you're all I knew
No time or space to think it all through

Everything's so obvious now
Why couldn't I have just seen how
You and I were gonna go down

I don't know what I was thinking
I don't know what I was thinking
I thought you were someone that I could love forever
But I don't know what I was thinking

This whole town reminds me of you
And all the things we used to do
They're memories that I won't lose

I was just too young to see
Everything that I would need
It wasn't you I promise it's me

Everything's so obvious now
Why couldn't I have just seen how
You and I were gonna go down

I don't know what I was thinking
I don't know what I was thinking
I thought you were someone that I could love forever
But I don't know what I was thinking

I don't know what I'm gonna do
I'm scared and lonely too
I've gotta find the strength to start over new

I don't know what I was thinking
I don't know what I was thinking
I thought you were someone that I could love forever

I thought you were the one
But I don't know what I was thinking
I don't know what I was thinking
I thought you were someone that I could love forever
But I don't know what I was thinking
