(Verse 1)

I just want to rock you all day all night
They can't really want to fuss and fight
You make me cry I won't you laugh
There will be the first it'll be the last
She like the song Blue Magic and I love it
Live to the fullest right above you ain't doubt it
None of these are right and you made it wrong
All of them would really want to move along
I'm young forever I'm only 17
Wu Tang Clan would give me some of that cream
It gets busy like B and Jay in the beach
Give me some of that grape and give me some of that
peach

(Chorus)

Young hearts be free tonight
Time is on your side (2x)

(Verse 2)

I don't need a scale for the work
I got the classic Ram and candy Hearse
I keep my ladies in my place like Flow-jo
112 gets on the track like U Already Know
I ride my '73 Caprice with the faceplates
You seen the Fire and Rain just like Babyface
She speaks body language she speaks Japanese
Mary give me dollars yes I said please
I got plenty cash and I got plenty dough
My brother was fine they was 44
I got my birthday dinner it was so fantastic
I got foiled up you made me out of plastic

(Chorus)

(Verse 3)

I Love You Baby like Black Rob says
You love my team and I really love your fans
You made me feel brand new and old school
I told the world I was being so cool
Catch me in the S Class with the four or five friends
I had investment so you could follow them
Tonka boots and some fitted caps
Frankie Goes to Hollywood tells you to relax
I smack the brick like 'Kon and 'Em
But you the best-est they'll never win

Black and white Phantom have that Oreo a chance
I'll never you for giving me a dance
(Chorus)
