The shadows fade
I see the light as you walk through
It's like I'm blinded by the sun
Today all I see is you and from this moment on

I want you to be my one and only
I wanna hold you like this
I wanna lay down the sad and lonely
And take a chance to live
I want to you to see you're all I need
I want you to be my last first kiss

So here we are on the edge
Of all our days tryin' to stare tomorrow down
Take this to heart that whatever this life brings
I'm givin' you my word right now

I want you to be my one and only
I wanna hold you like this
I wanna lay down the sad and lonely
And take a chance to live
I want to you to see you're all I need
I want you to be my last first kiss

I want you to be my one and only
I wanna hold you like this
I wanna lay down the sad and lonely
And take this chance to live
I want you to see you're all I need
I want you to be my last first kiss
