I spend most my life
Holdin' on with all my might
I pull the reins too tight
Til I, kill the thing I got

You'd think by now
I'd have this figured out with everything
We've been through together
Oh, this love can't really fly
Until I, get the courage up to cut the string

I'm learnin' how to let it go
I'm learning now that I was just a fool to ever think I had
control
You took me heart and soul
Now I'm learnin' how to let it,
I'm learnin' how to let it go...

I've been wastin' time
So I hope somehow you'll find
A way to walk the line
Oh, you've had so much patience with me
You're the only one I want, you're all I need
So here I am down on my knees
Go on and take me
Everything I have and all I am I give to you

I'm learnin' how to let it go
I'm learnin now that I was just a fool to think I ever had
control
You took me heart and soul
Now i'm learnin' how to let it
I'm learnin' how to let it go...

This die-hard heart of mine always forgets
You never have it all unless you let it go

Let it go

You took me heart and soul
Now I'm learnin' how to let it
Got to let it go to get it

I'm learnin' how to let it
I'm learnin' how to let it go...
