

Brides In Bloom "The Ride"

Under a bloodred sky
Feed you gasoline feel it pumping through your veins
You make me feel so fine
Girl I love the way that your radials squeal

Driving into the night
You and me baby gonna kick the daylight
Help me get out of sight
Take me far away from the everyday shit

You turn me on
I Got a fast machine ride it on the wind
You turn me on
Fast machine, ride it on the wind

I don't wanna leave no trace
I gotta get away get away from this place
I've got no time to waste
Take me far away from the everyday shit
