"Heart So Cold"

what was it that you were after?
the greater truth
from the mouth of a tv-preacher?
hold that thought til another day
don't let it get away

did you see that other one broken
for the who-loves-who?
did it get to you too?
hold that thought til another day
don't let it get away

you can't find it
you can't find it with your heart so cold

why do we force ourselves in too deep?
why can't we just let it be?
what is so wrong with this right now?
why do you wanna turn it upside down?
now tell me

you can't find it
you can't find it with your heart so cold

you've been searching high and low
but you can't find it
you can't find it with your heart so cold

you can't find it..
