i wanna go where the action is
i wannahave my share of the bliss
i appear in the right light
in the right place, in the right time

i wanna use my appeal
for nothing permanent but temporary
i will never have to regret
cause i know how to forget

the morning after
my heart and my head explode
i feel that i could die
but tonight i'm alive

i wear out the soles of my dancing shoes
i made a list of the things i wanna do

i wanna go where the action is
i need to have my share of the bliss
anything that gives me thrills
even if it gets me killed

i'm traveling so far in sin
in the search of losing something
i will never look straight into your eyes
i won't give thanks, i won't apologize

the morning after
my heart and my head explode
i feel that i could die
but tonight i'm alive

i wear out the soles of my dancing shoes
i made a list of the things i wanna do

wear out the soles of my dancing shoes
wear out the soles..

i wear out the soles of my dancing shoes
i made a list of the things i wanna do

i wear out the soles of my dancing shoes
i made a list of the things i wanna do

i wear out the soles of my dancing shoes
i made a list of the things i wanna do
