

## Alishia May "Love Slowly Dies"

Softly we tremble, we recede.  
Softly we remember there's no need  
To cry, to cry tonight.

You'll never change.  
Time slowly dies.  
You'll never be.  
Cause I know love dies.  
Love dies, love dies.

Slowly we see the lights dim.  
Slowly we figure out what could have been.  
There's no need to fight.  
No need to fight tonight.

You'll never change.  
Time slowly dies.  
You'll never be.  
Cause I know love dies.  
Love dies, love dies.  
I should have seen it coming.  
But you took me by surprise  
I should have seen it coming.  
But I don't know how

You'll never change.  
Time slowly dies.  
You'll never be.  
Cause I know love dies.

You'll never change.  
Time slowly dies.  
You'll never be.  
Cause I know love dies.  
Love dies, love dies.
