There he goes again.
There are his eyes again.
Deepened green, watch him walk in his own silhouette.

I can't ask him where he's going.
I can't be the only one who's knowing.
When or where he's going to be.
Run with me, into my silhouette.
Take me, as I run into the night.
Run with me, into my silhouette.
Take me, as I run into the night.

Oh my god here he comes to me.
Watching him, he's the only one I see.
Watch him walk in his own silhouette.

I can't pass the motion on.
Run with me.

I can't ask him where he's going.
I can't be the only one who's knowing.
Wherever he's going to be.
Run with me, into my silhouette.
Take me, as I run into the night.

I can't ask him where he's going.
I can't be the only one who's knowing.
When or where he's going to be.

I can't ask him where he's going
I can't be the only one who's knowing.
Run with me, into my silhouette.
Take me, as I run into the night.

Run with me, into my silhouette.
I can't ask him where he's going.
Run with me, into my silhouette.
Take me, as I run into the night.

Run with me, into my silhouette.
Tonight.
