Oooh A-A-A  
Oooh

Loving you is like playing with Dynamite  
But to stay away from you  
I got to put, put up a fight  
I can't seem to get you out of my mind  
No matter how hard I try

Danger, danger, he's dangerous, danger straight ahead...  
Danger, danger, he's dangerous, danger straight ahead...

You're so explosive just like TNT  
Loving you is getting the very best of me  
I can't seem to get you out of my mind, no matter how hard I try

Danger, danger, he's dangerous, danger straight ahead...  
Danger, danger, he's dangerous, danger straight ahead...

I can't seem to get you out of my mind no matter how hard I try

Danger, danger, he's dangerous, danger straight ahead...  
Danger, danger, he's dangerous, danger straight ahead...
