Spoken:

Life's a kind of struggle  
Living in this town  
I'm never looking back no  
Just ahead  
My mind was locked up in a cage  
Always ready to break out  
Those heavy chains on me drive me mad

It always feels like a craving is unfolding in me  
It's just as bad as it seems  
So I'm looking around 'cause I'm lost when I'm down  
I was blind but now I'm starting to see

Ch:1

The slave in me  
And now I'm falling again, I'm so close to the end I can  
see  
The slave in me  
And now I'm falling again, don't know where to begin  
Can you see the slave in me?

It always feels like I'm shifting and moving the line  
But I'm still falling behind  
Now it won't go away and the feelings will stay  
I can see I'm starting not to believe

Ch:2

The slave in me  
And now I'm falling again, I'm so close to the end I can  
see  
The slave in me  
And now I'm falling again don't know where to begin  
Can you see the slave in me?

Prechrous:1

I can't take one more day, I can't stand to feel this way  
Take away from me, take away from me

Ch:3

The slave in me  
And now I'm falling again, I'm so close to the end I can

see  
The slave in me  
And now I'm falling again don't know where to begin  
Can you see? Can you see?

Hook:1  
Falling again, falling again  
Can you see? Can you see the slave in me?  
Falling again, falling again  
Can you see? Can you see?  
The slave in me?

Bridge:  
Lord Shake me  
Lord Bake me  
Lord Break me  
Take me where the sun don't shine

Lord Cruise me  
Lord Choose me  
Lord Use me  
Lord Bruise me  
Lord Make me lose my mind

Prechrous:2  
I can't take one more day, I can't stand to feel this way  
Take away from me, take away from me

Ch:4  
The slave in me  
And now I'm falling again, I'm so close to the end I can  
see  
The slave in me  
And now I'm falling again don't know where to begin  
Can you see? Can you see?

Hook: 2  
Falling again, falling again  
Can you see? Can you see the slave in me?  
Falling again, falling again  
Can you see? Can you see?  
The slave in me?
