You're turning up the heat boy  
But you won't even burn me  
Cause I can take care of myself  
So you can save your breath now  
And your testosterone  
And try it out on someone else

Don't try and push me  
Or invade my space  
If you push me too far  
I'll get in your face

You can't take no for an answer  
A boy like you doesn't understand  
What part of no has you confused  
Do yourself a favor  
Keep your hands to yourself  
Or more than your ego will get bruised

I'm turning up the heat boy  
I won't put up with it again  
You took the low road  
This is the end
