I want you to know  
I can't let go  
I have no control  
You need me most  
I need you too  
If only you knew  
I will always be there for you

I don't wanna stay  
But then I see you smile back and I can't help it  
I'm stuck here with you  
You walk all over me and all you do is smile back  
And I can't help it  
I'm stuck here with you

I fight for air  
Whenever your there  
I guess I care  
That you need me most  
Wait patiently  
One day I'll see  
You're the only one for me

You, you've taken me for granted  
So why am I so scared now, to leave  
Can you be without me  
Everything's so clearly thrown away
