They tell me it's nice this time of year, Down on earth.
But my heads been in the clouds I'm acting weird.
And lost for words.
Falling like the stars I'm,
Falling fast and hard for something I can't reach.
I could be here but you wouldn't see me,
Hover in the air like I'm just a daydream,
Oh.
Why does it feel so far?
Close enough to touch but your looking through me,
In the same room, a smile away feels,
Miles from where you are, Might as well be Mars.
Never been bound by gravity
But I am now.
You have made a human out of me,
And brought me down.
Falling like the stars I'm
Falling fast and hard for something I can't reach.
I could be here but you wouldn't see me,
Hover in the air like I'm just a daydream,
Oh.
Why does it feel so far?
Close enough to touch but your looking through me,
In the same room, a smile away feels,
Miles from where you are, Might as well be Mars.
I could be here but you wouldn't see me,
Hover in the air like I'm just a daydream,
Oh.
Why does it feel so far?
Close enough to touch but your looking through me,
In the same room, a smile away feels,
Miles from where you are.
Might as well be Mars.
Might as well be Mars.
Might as well be Mars.
