Legolas, they wait before us  
Legolas, their blades look wet  
Legolas, we shan't look fearful  
This is a day we won't forget

Legolas, it's time to pluck  
The instrument you hold so dear  
Legolas, it's time to strike  
The breath from them and give them fear

Legolas...Legolas

Legolas, I've now surpassed thee  
Legolas, I've twenty-one  
Legolas, my axe is hungry  
For a taste of dwarven fun

Legolas, another volley  
To the right, two more I fell  
Legolas, the day is early  
Of their death I now fortell

Legolas...Legolas

Legolas, the caves do call me  
Open lands aren't dwarven friends  
Legolas, when next you see me  
Celebrate at battles end

Legolas, their lines to crumble  
Cornered now by men and trees  
Now behold, our own white rider  
O tis truly wizardry

Legolas...Legolas

Legolas, the feild looks empty  
Legolas, our foes look gone  
Legolas, with arrows plenty  
Legolas, thy reach is long

Legolas...Legolas  
Legolas...Legolas
