I bet you say that to all the boys
And they fall for it every time
I bet you think that you've got me
Right where you want me

I see how you are and I love it, I love it
I see how you are and I want to be with you

I bet you say that to all the men
You think that I'm one of them
I bet you think I don't mean it
But all I do is mean it

I see how you are and I love it, I love it
I see how you are and I want to be like you

And I'm glad you're protecting yourself
If it wasn't you I wouldn't trust someone else

I see how you are and I love it, I love it
I see how you are and I want to be with you
