You've been the queen of kiss-off kick-backs,
Big time roller,
M'Life ain't over on a string,
I'm thirsty please help me.

You've been the centre of my attention
You're flawed at heart but your a perfect intervention,
When you're cheek,
I'm thirsty please help me.

I've been checking you out and your sounds of this
Ain't nice,
I don't know what is.

You've been the queen of kiss-off kick-backs,
Big time roller,

M'Life ain't over on a string,
I'm thirsty please help me.

You've had the pleasure of my attention,
Till ya thawed my heart,
Now I don't care to mention how we're cheap
I'm thirsty please help me.

I've been checking you out and your sounds of this
Ain't nice,
I don't know what is.

I've been checking you out and your sounds of this
Ain't nice,
I don't know what is.
