### VERSE 1:

I didn't think I'd go the distance  
You came and opened my eyes  
No matter how hard I resisted  
You continued to try  
You told me I was better  
Than I ever realized  
When I felt I couldn't make it  
You built me up inside

### PRE-HOOK:

Now it's time I stand on my own  
And take a chance, I've got to

### HOOK:

I've got to seize each and every moment  
Live today like it's my last  
I have to keep on growing  
No living in the past  
I've got to stand  
On my own two feet  
I gotta Land, on my own two feet  
With my hands, my heart and my own two feet  
I'll get where I wanna be  
But It's up to me

### VERSE 2:

You always fought my battles  
Never let me get burned  
I thank you and I love you  
But how will I ever learn (How will I learn)  
If I don't find my own way  
Trust me when I say (I say)  
I need to figure out this thing called life, called life

### PRE-HOOK:

Now it's time I stand on my own

And make a change, I've got to

BRIDGE:

No one can live my life but me  
Noooo, It's up to me  
It's my life, It's my life  
It's my life

HOOK:

I've got to seize each and every moment  
Live today like it's my last  
I have to keep on growing  
No living in the past  
I've got to stand  
On my own two feet  
I gotta Land, on my own two feet  
With my hands, my heart and my own two feet  
I'll get where I wanna be  
But It's up to me
