Blue eyes that are open wide  
As warm as the sun  
Shes my girl  
Any fool can see  
Cause one smile would melt the snow  
Where she goes I want to go  
She stays on my mind  
Because she's my kind  
Her hair falling down my face  
Shining like gold  
Shes my girl  
Any fool can see  
I don't have to tell you why  
When I leave it's gonna make me cry  
She stays on my mind  
Because she's my kind  
You know she's my kind  
And I love I love her so  
Im gonna be there till the day I die  
Because she's my kind.
