Say nothing, I will understand  
I'm on your side, I'm your biggest fan  
You don't need to tell me, any precious lies  
Cos I won't believe them, when I look in your eyes

Every kiss from your lips sends a message  
Every touch of your hand, tells me so  
In my heart I'm already missing you  
Darlin' I know, it's time to let go

I'm tryin' to convince myself  
When I tell you, I will just find somebody else  
Cos I know inside me, it will only be  
Because I realise, you'd truly do the same for me

Every kiss from your lips sends a message  
Every touch of your hand, tells me so  
In my heart I'm already missing you  
Darlin' I know, it's time to let go  
Maybe I just need to get used to it and I'll be fine  
Cos I think I recognise  
One by one those tell tale signs

Don't worry, you could never hide  
Anything from me, I know you're cryin' deep inside

Every kiss from your lips sends a message  
Every touch of your hand, tells me so  
In my heart I'm already missing you  
Darlin' I know, it's time to let go  
Every kiss from your lips sends a message  
Every touch of your hand, tells me so  
In my heart I'm already missing you  
Darlin' I know, it's time to let go
