Uau uau uau uau uau...
Hey baby girl, satisfaction guaranteed
Nhaauu

We could've make if we try
Just stepping... when moons shines I satisfy
True love will never die
No need fi go to wipe your tears
Or dry your eyes

Woman me well well ah you
And I swarn you, can you
Me could have never do without you
After all a we are two
Separation
Impossible we stay together like
You know the roots of the rootless
Never guan kill ya
It's all ya got
... love a you a flex
Your lovely ways
Gimme longer days
You are the place...

When I see your face
It always makes me smile
When I'm in your arms
I never needed anyone else in my life, oh

We could've make if we try
Just stepping... on the moons shines I satisfy
True love will never die
No need fi go to wipe your tears
Or dry your eyes again

I feel me day already safe
When me wake up in the morning
And I see your pretty innocent sweet smile
Girl child
You well verse it higher
Me love a you atomic
Just love a your profile

Oh oh what a joy
Me can't get enough
You just sweep my soul

When it's arounding too rough
I will never ever let you go
This a love is like a river
Never will stop flow

Everyday
This feeling's getting stronger
Now I know
That I can't live without ya
I'm living for you love
I'm living for you love

We could've make if we try
Just stepping... on the moons shines I satisfy
True love will never die
No need fi go to wipe your tears
Or dry your eyes again

Your love is so divine
When we kiss, my dear
Feel no space and time
Tell me this is not an affair
'Cuz it's because of you that I exist, my dear

Oh what a beauty
Your eyes a behold on
Me everlasting princess
Together now for so long
Sure comes... as still we hold on
In times of... you are the one that make me strong
Pure blessing a flow
And then we... go old
You're the one that satisfy me soul
That's why me never ever never let you go

We could've make if we try
Just stepping... on the moons shines I satisfy
True love will never die
No need fi go to wipe your tears
Or dry your eyes again
