"Wish for Bridges"

Squeeze my hand, take the fright
Wrap it up, give it to the night

And tell me stories of our glory days
Shed the shy on this waterway

But I can't speak, I can't retreat
I'm here right now, and I know you know
You know how nice it was
Here right now, we can't forget
No we can't forget how good it was

There's my boat ride to the other side
Wish there was a bridge so we could walk it all night

But I can't speak, I can't retreat
I'm here right now, and I know you know
You know how nice it was
Here right now, we can't forget
No we can't forget how good it was
