But I've never felt this fume so heavy
And I've never felt this fume so low
Yeah it is awake inside my whole soul
But you are my strength I won't stand alone

And ask for the things you lack in heart
And you can begin a clean new start
Oh to be the purest of pure in his arms
Yeah he, he will shield you from all harm

I tried my best alone but it got me nowhere and I can't
do it on my own
I tried my best alone but it got me nowhere and I can't
do it on my own
No, on my own, well it got me nowhere and I can't do it
on my own
Oh, on my own, yes it got me nowhere and I can't do it
on my own
No, on my own, well it got me nowhere and I can't do it
on my own
No, on my own, well it got me nowhere and I can't do it
on my own

I've never felt this fume so heavy
And I've never felt this fume so low
