Hello
And you are gone
And I do my best
To pretend that it wasn't long ago
When you were here
And everything was fine
Then you left me leaving it all behind

So lie to me
Cause I can't take the truth
So why don't you lie to me
Tell me what to do
Cause I'm still hung up on you

Some day your gonna find out what it feels like
Some how your gonna rise above it all
And then you'll see just what it takes when you leave
Soon how I met you break your fall

Now know the road
It's getting cold
And I wanna just get back to where we was before
I know that's hard to do
But I'm really set on you
And I wanna just feel like it did oh so

Lie to me
Cause I can't take the truth (oh yeah)
So why don't you lie to me

Tell me what to do
Cause I'm still hung up on you

Some day your gonna find out what it feels like
Some how your gonna rise above it all
And then you'll see just what it takes when you leave
Soon how I met you break your fall

Why don't you lie to me
Lie to me
I keep waiting for your lies

Lie to me
Cause I can't take the truth
I'm so in love with you

Some day your gonna find out what it feels like
Some how your gonna rise above it all
And then you'll see just what it takes when you leave
Soon how I met you break your fall

Some day
Your gonna find out what it feels like
Lie to me Lie to me
Some day
You're gonna rise about it all
Lie to me Lie to me
