Who do you blame?
You live like a person who's still afraid
Bury your head, in your hands
Complicate things

Fears to remember
But you never wanted to,
But you never wanted to forget

Fears to remember
But you never wanted to,
But you never wanted to forget at all

Left to remain
You replace affection with fits of rage
Unwilling to change
Forced to live, as a patient

Fears to remember
But you never wanted to,
But you never wanted to forget

Fears to remember
But you never wanted to,
But you never wanted to forget at all

Fears to remember
But you never wanted to,
But you never wanted to forget

Fears to remember
But you never wanted to,
But you never wanted to forget

Fears to remember
But you never wanted to,
But you never wanted to forget

Fears to remember
But you never wanted to,
But you never wanted to forget at all

At all
At all
At all
At all
