Dear God  
I don't understand  
What you're doing  
If you're real and you're in control  
You must see the path we're choosing  
And I don't understand but somehow I believe  
It's all in your hands  
Yeah but I don't believe in a God who gives  
More of his love to those who say they believe  
And I've read your book and I think (know) it says  
It's not what you say but it's how you live  
Dear God  
How your name's been used to justify treason  
And although it hurts me to say  
Sometimes the enemy's religion
